Rev. Dr. Samuel H. Hirsdansky, noted as one of the foremost Talmudic scholars in the United States, founder of synagogues and a Jewish school, died recortly in New York, He was 61 years old, and came to the United States in 1885 from his birthplace, Fovno, Russie.

ANOTHER WONDER OF SCIENCE

Biology has Proved that Dandruff is Caused by a Germ.

Science is donig wonders these days in medicine as well as in mechanics. Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a suc-cessful cure until Newbro's Herpicide was put on the market. It is a scientific prep-aration that kills the germ that makes dandruff or sourf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, filling hair, and finally baldness. Without dandruff hair must grow inxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicles Co., Detroit, Mich.

NOT NARCOTIC.

Chicago, June 15.—Settlement of the largest inheritance tax ever paid in Illinois was made yesterday in the adjustment of the estate of Nelson Morris. The amount which goes to the commonwealth is \$165,899.52. This, according to the records in the Cook county outs hears 5 per cent. Cook county court, bears 6 per cent, interest from a date six months after the death of the ploneer packer, which will bring the total to nearly

For the first time since the death of Nelson Morris, the exact value of his holdings in Illinois subject to the inheritance tax is revealed in the documents approved by County Judge Lewis Riniker. On the appraisement made by S. W. Ayers the Morris prop-

What a Great City!

It has been variously estimated that not less than \$50,000,000 of Charleston capital has been invested outside of Charleston in the last 40 years. What a great city this would be if its own scople had taken care of the development of their own town instead of taking what they made here and placing it in promising ventures elsewhere. There has been in the last few years a most gratifying increase of faith in this community among its permanent residents or settlers, and on every hand may be discovered evidences of what a little bit of self confidence can do for any self reliant community. Don't forget the philosophy of the American: "The divorce between home interests and ownership is almost always a handicap." Safute all the friends who come to live among as, but stick to the town yeurself.—Charleston News and Courier.

"Josiah, what is an embarrassment of riches?" "Answering the questions of the tax assessor."—Chicago Tribune

Danderine

PROVE IT!

A lady from Minnesota writes:
"As a result of using Danderine, my hair
is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must remove the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when haldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon to plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed

conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tiasues of the scalp. It is the only remedy for the hair ever discovered that is similar to the hatural sair foods or liquids of the scalp.

It penetrates the jores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show how quickly flastering acts, we will send a large sample free by return mail to auyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 100 in silver or stamps to pay postage.
